The Care of the Bariatric Surgery Patient

Presented by
THE OHIO STATE UNIVERSITY CENTER FOR MINIMALLY INVASIVE SURGERY

August 2 - 3, 2012
Hilton Columbus at Easton
Course Overview:
This one and a half day course is designed for general and bariatric surgeons, allied health professionals, and dietitians who are interested in comprehensive care of the bariatric surgical patient. Didactic lectures will cover the complexity of the care as it relates to pre-, intra-, and post-surgical care as well as share information on the latest updates in nutritional guidelines, operative procedures, and patient management in the bariatric surgery patient.

Needs Assessment:
During the past 20 years, there has been a dramatic increase in obesity in the United States and rates remain high. Therefore bariatric surgery has increased as well. Healthcare providers involved in the care for these bariatric surgery patients must demonstrate an understanding of safe clinical skills, efficiency, and good quality of care. The purpose of this one and a half day course is to familiarize participants with the current care of the bariatric surgery patient.

Objectives:
Completion of this course will enable participants to:

1. Discuss the history of bariatric surgery.
2. Describe the processes for a comprehensive weight management program to run efficiently.
3. Recognize and assess the roles that each of the healthcare providers has with a bariatric surgery patient.
4. Differentiate the various types bariatric surgical procedures and discuss the controversies that surround them.
5. Examine and describe the management of the bariatric surgery patient complications.
6. Discuss prescreening and patient work-up on the bariatric patient.
7. Identify and describe the immediate and long-term physiological changes for the post-surgical bariatric patient.
8. Identify and describe the risks associated with sleep apnea.
9. Describe the latest nutritional guidelines for the bariatric patient.
10. Describe the effects of bariatric surgery on diabetes and diabetes management.

Accreditation
The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The Ohio State University Medical Center designates this educational activity for a maximum of 12.5 AMA PRA Category I Credit™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Statement
Current guidelines state that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speakers’ presentations. Each speaker has completed a conflict-of-interest statement. Disclosure statements will be provided to participants in the course.

Commercial Support
The course organizers gratefully acknowledge the generous support of our corporate sponsors.

Mission Statement
The Ohio State University Center for Minimally Invasive Surgery is dedicated to the achievement of excellence in patient care, clinical training, research and outcomes studies pertaining to the techniques and technology of minimally invasive surgery. For more information on CMIS course offerings, please visit our website at http://cmis.osu.edu/.
Agenda

Thursday, August 2nd 2012
12:00 pm  Registration
12:30  Welcome and Overview
12:40  History of Bariatrics
1:00  The Process: From Introduction Meetings Through Surgery and Follow Up Care
1:15  Preoperative Assessment
1:45  Nutritional Guidelines & Preoperative Weight Loss
