Advances in Minimally Invasive Management of Esophageal Disorders

Monday, December 10, 2012
The Ohio State University
Wexner Medical Center

Presented by: The Ohio State University Center for Minimally Invasive Surgery
Course Overview:
This course is designed to identify and evaluate the best treatment options for esophageal disorders and that physicians are making the best informed decisions on how to treat their patients. Lecture, discussion and hands-on practice will allow surgeons to stay up to date on the latest treatment options and widen the variety of the types of procedures they can offer their patients. Course participants will be expected to complete an evaluation on utilization and impact of key concepts presented in the course. Participants will be offered an opportunity for self-assessment credits toward Part 2 of the ABS MOC Program.

Needs Assessment:
Esophageal disorders are a common condition that encompasses a diverse spectrum of clinical presentations and has a substantial impact on patient quality of life and utilization of healthcare resources. Innovative varieties of less invasive approaches to the treatment of esophageal disorders are becoming increasingly popular and requested by patients. Proof that high patient satisfaction has been reported and will continue to impact the future treatments.

Objectives:
At the completion of this activity, participants should be able to:

1. Identify and evaluate the best treatment options for esophageal disorders.
2. Identify the history of GERD and Barrett’s.
3. Recognize the esophageal physiology and diagnostic testing.
4. Identify the medical, surgical, and endoluminal management of GERD.
5. Identify the medical treatment for Barrett’s.
6. Identify POEM for Esophageal Echalasia.

Accreditation
The Ohio State University Wexner Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The Ohio State University Wexner Medical Center designates this educational activity for a maximum of 7.25 AMA PRA Category I Credit™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Statement
Current guidelines state that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speakers’ presentations. Each speaker has completed a conflict-of-interest statement. Disclosure statements will be provided to participants in the course.

Commercial Support
The course organizers gratefully acknowledge the generous support of our corporate sponsors.

Mission Statement
The Ohio State University Center for Minimally Invasive Surgery is dedicated to the achievement of excellence in patient care, clinical training, research and outcomes studies pertaining to the techniques and technology of minimally invasive surgery. For more information on CMIS course offerings, please visit our website at http://cmis.osu.edu/.
Agenda
MONDAY, December 10, 2012
The Ohio State University Wexner Medical Center
Ross Heart Hospital H1213 Auditorium
452 W. 10th Avenue
Columbus, OH 43210
7:30 am Registration and Breakfast
7:50 am Welcome and Introduction
8:00 am History of GERD and Barrett’s
8:20 am Esophageal Physiology and Diagnostic Testing
8:50 am Medical GERD Management
9:15 am Surgical GERD Management
9:45 am Endoluminal GERD Management
10:15 am BREAK
10:30 am Endoluminal Barrett’s Treatment
11:00 am Minimally Invasive Esophagectomy for
Barrett’s with High Grade Displasia
and Early Cancer
11:30 am POEM for Esophageal Echaleria
12:00 pm Panel Discussion with Case Presentations
over Lunch
1:00 pm Move to Hands-on application of
Techniques in the Lab
125 Wiseman Hall, 400 W 12th Avenue,
Columbus, OH 43210
Transoral Incisionless Fundoplication,
Nissen Fundoplication, and Endoluminal
3:30 pm CME Event Concluded
Speakers
Guest Speaker
Eric S. Hungness, MD, FACS
Assistant Professor of Surgery
Northwestern University
Division of Gastrointestinal and Oncologic Surgery
The Ohio State University Affiliated Speakers
W. Scott Melvin, MD, FACS — Co-Course Director
Professor of Surgery
Chief, Division of General & Gastrointestinal Surgery
Director, Center for Minimally Invasive Surgery
Kyle Perry, MD — Co-Course Director
Assistant Professor of Surgery
Division of General & Gastrointestinal Surgery
Luke Funk, MD, MPH
Clinical Assistant Professor of Surgery
Division of General & Gastrointestinal Surgery
Jeffrey Hazey, MD, FACS
Associate Professor of Surgery
Division of General & Gastrointestinal Surgery
Aliyah Kanji, MD
Clinical Assistant Professor of Surgery
Division of General & Gastrointestinal Surgery
Jon Walker, MD
Assistant Professor of Internal Medicine
Division of Gastroenterology, Hepatology, and Nutrition
Travel & Accommodations
Travel and hotel are the responsibility of the individual attendees. The Ohio State University is not responsible for travel arrangements. Please confirm course registration prior to hotel registration or the purchase of airline tickets. If you need special accommodations due to disability, please contact Heidi Pieper at (614) 293-9072.

Air Travel
It is recommended that you use Port Columbus International Airport, which is a 15-minute drive to the hotels, as well as OSU Wexner Medical Center.

Recommended Hotels
