2014 Comprehensive Update: Stroke and Neurocritical Care

Stroke Care across the Continuum

With a unique opportunity to become certified in Emergency Neurologic Life Support (ENLS) or Advanced Stroke Life Support (ASLS)

October 16-17
Hilton Columbus at Easton
3900 Chagrin Drive
Columbus, Ohio 43219

This program is endorsed by the Neurocritical Care Society.
2014 Comprehensive Update: Stroke and Neurocritical Care

With a unique opportunity to become certified in Emergency Neurologic Life Support (ENLS) or Advanced Stroke Life Support (ASLS)

Please join neurovascular and neurocritical care subspecialists from The Ohio State University Wexner Medical Center and Mount Carmel to learn the latest regarding diagnosis and treatment in comprehensive stroke and neurocritical care.

The opportunity to participate in an EMS Simulation Lab is available. If you are interested, sign up for a time when completing your registration for the conference.

Day one provides the opportunity to learn and to become certified in Emergency Neurologic Life Support (ENLS) or Advanced Stroke Life Support (ASLS).

Day two offers concurrent sessions available for:
- Advanced Practice Nurses
- Nurses
- Paramedics
- Pharmacists
- Physiatrists
- Physicians
- Therapists

Hotel Accommodations
A block of rooms has been reserved for conference attendees at the Hilton Columbus at Easton at a special rate of $179 a night.

To make a reservation, call 614-414-5000 and reference “Ohio State Mount Carmel”. To guarantee the group rate and room availability, please make your reservation by Monday, September 15, 2014.
COURSE PRESENTERS

The Ohio State University Wexner Medical Center

Erik Abel, PharmD, BCPS
Specialty Practice Pharmacist

Reza Behrouz, DO, FANA, FAHA
Director, Cerebrovascular Diseases Fellowship Program
Associate Professor of Neurology

Aaron Boster, MD
Assistant Professor of Neurology

Michael Boyd, PharmD, BCPS
Specialty Practice Pharmacist, Electrophysiology

Mohammed Chmayssani, MD
Medical Director, Neuro Progressive Care Unit
Assistant Professor, Neurology and Neurological Surgery

Diana Greene-Chandos, MD
Director, Neuroscience Critical Care – Education, Quality and Outreach
Program Director, Neuroscience Critical Care Fellowship
Symposium Co-Director

Noah Grose, RN, BSN, MSN, ACNP-BC
Acute Care Nurse Practitioner, Neurovascular Stroke Center

Shaheryar Hafeez, MD
Neurocritical Care Fellow, Neurovascular Stroke Center

Mahmoud Houmsse, MD, FACP, FACC
Medical Director, ECG and Arrhythmia Monitoring Lab
Associate Professor, Clinical Internal Medicine

Brendan Kelley, MD
Associate Professor, Neurology

Tom Lawson, ACNP
Neurovascular Stroke Center

Claire Murphy, PharmD, BCPS
Specialty Practice Pharmacist, Burn/Surgical Critical Care

Sunil Mutgi, MD
Stroke Fellow, Neurovascular Stroke Center

Shahid Nimjee, MD, PhD
Clinical Assistant Professor, Neurological Surgery

Ciaran Powers MD, PhD
Surgical Director, Neurovascular Stroke Center
Neurosurgical Residency Director
Symposium Co-Director

Kevin C. Reeves, MD
Clinical Assistant Professor of Psychiatry

Michel Torbey, MD, MPH, FAHA, FCCM
Director, Division of Cerebrovascular Diseases and Neurocritical Care
Medical Director, Neurovascular Stroke Center
Vice Chair, Hospital Affairs

Karen Wiles, BSN, RN, CCM
Associate Director, Telesstroke Program

Susan Yeager, MS, RN, CCRN, ACNP
Lead Nurse Practitioner, Neurovascular Stroke Center
Clinical Instructor, Neurocritical Care

Patrick Youssef, MD
Clinical Assistant Professor, Neurological Surgery

Asma Zakaria, MBBS
Assistant Professor, Neurology and Neurological Surgery
Mount Carmel

Dipti Dani, MA, CCC/SLP, BCS-S
Speech Language Pathologist

Steven Gentile, MD
Stroke Medical Director, MCW
Emergency Physician

Dan Kirgesner, PharmD
Patient Care Pharmacist

Bradford Mullin, MD
Chief, Neurological Surgery, MCE

Charise Vacca PT, DPT
Physical Therapist

Nationwide Children’s Hospital

Steven Roach, MD
Chief, Pediatric Neurology
Vice-Chair, Pediatrics

Guest Speakers

William Barsan, MD
Professor of Emergency Medicine
University of Michigan
Principal Investigator of Clinical
Coordinating Center for the Neurological Emergencies Treatment Trials Network (NETT)

Joe Farmer, EMT-P
ASLS Instructor Coordinator

J. Claude Hemphill III, MD, MAS
Co-Director, University of California, San Francisco Brain and Spinal Injury Center
Director, Neurocritical Care, San Francisco General Hospital

Stephanie Parker, BSN, RN
Project Manager, Mobile Stroke Unit
Department of Neurology Stroke Team
University of Texas Health Science Center
at Houston
THURSDAY, OCTOBER 16:

Day one provides the opportunity to learn and to become certified in Emergency Neurologic Life Support (ENLS) or Advanced Stroke Life Support (ASLS).

Emergency Neurologic Life Support (ENLS)
Emergency Neurological Life Support (ENLS) is a series of protocols suggesting important steps to take in the first hour of a neurological emergency. ENLS is designed to help healthcare professionals improve patient care and outcomes during the most crucial time—the critical first hours of the patient’s neurological emergency. ENLS demonstrates a collaborative, multidisciplinary approach and provides a consistent set of protocols, practical checklists, decision points and suggested communication to use during patient management.

ENLS BENEFITS
- Advanced knowledge
- Improved patient care and outcomes
- Ability to be up to date/current on advancements in treatment
- A select set of topics that are directly relevant to neurocritical care

After the course, participants will be directed to the Neurocritical Care Society website to certify their CME participation. Online testing, with a score of 70 percent or greater, is required to gain the certification.

Learn more about the program at enls.neurocriticalcare.org.

ACCREDITATION STATEMENT
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of California, San Francisco School of Medicine (UCSF) and the Neurocritical Care Society. UCSF is accredited by the ACCME to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT
The University of California, San Francisco School of Medicine (UCSF) designates this enduring material for a maximum of 15 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The ENLS Course is certified as an enduring material. CME credits for the ENLS Course will be awarded upon successful completion of online modules and several subsequent exams. The live instruction portion of the course is not certified for CME credit.
Advanced Stroke Life Support (ASLS)
A key feature of the ASLS ® curriculum is hands-on skills training, during which instructors simulate stroke syndromes, and learners perform the Miami Emergency Neurologic Deficit (MEND) Examination, a unique neurologic assessment tool developed with the course. Computer-based multimedia skills training, interactive discussions, and didactic sessions are also components of the curriculum.

ASLS BENEFITS
• Describe why early treatment may result in a marked reduction in risk of disability
• Identify the five main stroke syndromes and relate them to pathophysiology and clinical signs
• Perform focused evaluation to identify stroke, its location and severity, and t-PA contraindications

This course is certified for 8 hours of EMS CEUs by the Ohio State’s Center for EMS.
FRIDAY, OCTOBER 17:

Concurrent sessions to provide a comprehensive look at neurovascular disease.

After this session, attendees will be able to:

• Identify additional options for intravenous thrombolysis beyond recombinant tissue-type plasminogen activator (rt-PA) and recognize research, such as expansion of the treatment window, in acute stroke thrombolysis.
• Identify the changes in guidelines for acute management of ischemic stroke and apply these guidelines to practice.
• Describe signs and symptoms that can be identified as stroke mimics and predict alternative treatment options.
• Explain the technological advancements in telemedicine in regard to stroke care taking place in the rural setting that can impact current practice and improve outcomes through the administration of thrombolysis therapy.
• Identify the differences in the presentation and treatment of stroke in children.
• Define the patient population that can benefit from surgical hemicraniectomy as a treatment for stroke, and recognize how selection and timing is vital to patient outcomes.
• Describe new treatment options and research for cryptogenic stroke and utilize this technology in practice.
• Identify and incorporate the new management and treatment techniques in regard to intracranial and extracranial vascular abnormalities.
• Identify new techniques, research and advancements in the management and treatment of intracerebral hemorrhage and recognize how these advances can impact outcomes for this patient population.
• Recognize the signs and symptoms of stroke in pregnant women and formulate a plan of action for treatment.

ACCREDITATION STATEMENT
The Ohio State University Center for Continuing Medical Education (CCME) is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT
The Ohio State University Center for Continuing Medical Education (CCME) designates this live activity for a maximum of 7 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This course has been submitted for 7 CEUS to the Ohio Physical Therapy Association for Physical Therapists and Physical Therapy Assistants. This course has been submitted for 7 CEUs to the Ohio Occupational Therapy Association for Occupational Therapists and Occupational Therapy Assistants. EMS CEUs will be provided by the Ohio State’s Center for EMS.

FRIDAY, OCTOBER 17*

8 – 8:15 a.m.  Welcome
Course Directors: Diana Greene-Chandos, MD and Ciaran Powers, MD, PhD

8:15 – 9 a.m.  Morning Keynote: Stroke Mobile Units
Stephanie Parker, BSN, RN

9 – 9:15 a.m.  TRACK SPLIT

9:15 – 10 a.m.
Malignant Stroke Cerebral Edema: Update in Medical Management and Hemicraniectomy Trials
Michel Torbey, MD, MPH, FAHA, FCCM
Subarachnoid Hemorrhage (SAH) – Early Recognition and Practical Management for the Nurse and EMS
Susan Yeager, MS, RN, CCRN, ACNP

10 – 10:45 a.m.
Paroxysmal Atrial Fibrillation and Loop Recorders
Mahmoud Houmsse, MD, FACP, FACC
Intracerebral Hemorrhage: A Practical Review
Sunil Mutgi, MD

10:45 – 11:30 a.m.
Carotid Artery Stenosis: Screening, Management and Guidelines
Ciaran Powers MD, PhD
Telestroke and Its Potential Uses beyond the ED for EMS and Nursing
Karen Wiles, BSN, RN, CCM

11:30 – 11:45 a.m.  BREAK

11:45 a.m. – 12:15 p.m.  LUNCH IN THE BALLROOM

12 – 1 p.m.  Afternoon Keynote:
Acute Stroke Treatment in the Golden Hour
William Barsan, MD
1 – 1:15 p.m. **BREAK AND TRACK SPLIT**

*Presentations in RED and PURPLE are geared towards Physicians/Nurse Practitioners/Physician Assistants. (Select one concurrent track to attend)*

**Track I - Physicians/NPs/PA**
- Pediatric Stroke
  - Steven Roach, MD
- Arteriovenous Malformations
  - Bradford Mullin, MD
- Cooling in Field or the Unit: For What and How?
  - Shaheryar Hafeez, MD
- Cognitive Dysfunction Post-Stroke
  - Brendan Kelley, MD
- Neurostimulants in Stroke Recovery
  - Dan Kirgesner, PharmD

1:15 – 2 p.m.

**Track II - Physicians/NPs/PA**
- Cerebral Venous Thrombosis
  - Reza Behrouz, DO, FANA, FAHA
- Emergency Room Management of Neurological Emergencies
  - Steven Gentile, MD
- Acute Ischemic Stroke and Its Interventions: A Practical Review
  - Noah Grose, RN, BSN, MSN, ACNP-BC
- Fiberoptic Endoscopic Evaluation of Swallowing (FEES) in Stroke Population
  - Dipti Dani, MA, CCC/SLP, BCS-S
- Novel Anticoagulants and Hemostasis
  - Michael Boyd, PharmD, BCPS

2 – 2:45 p.m.

**Track III - RNs and EMS**

**Track IV - Rehabilitation (Physical/Occupational/Speech Language)**

**Track V - Pharmacy**

CONCURRENT SESSIONS

If you plan to attend the course on Friday, October 17, please indicate the specialty track you would like to attend. You may attend sessions outside of your selected track if space permits, but please pick one track in which you will primarily attend.

☐ Physicians / Nurse Practitioners / Physician Assistants I Track
1:15 – 2 p.m. Pediatric Stroke; 2 – 2:45 p.m. Cerebral Venous Thrombosis; 3 – 3:45 p.m. Interventional Stroke Treatment Updates; 3:45 – 4:30 p.m. Intracranial Atherosclerosis

☐ Physicians / Nurse Practitioners / Physician Assistants II Track
1:15 – 2 p.m. Arteriovenous Malformations; 2 – 2:45 p.m. Emergency Room Management of Neurological Emergencies; 3 – 3:45 p.m. Stroke and Seizures; 3:45 – 4:30 p.m. Mood Disorders Post Stroke

☐ Registered Nurses and Emergency Medical Services Track
1:15 – 2 p.m. Cooling in Field or the Unit: For What and How? 2 – 2:45 p.m. Acute Ischemic Stroke and Its Interventions: A Practical Review; 3 – 3:45 p.m. Assessing the Minimally Responsive or Comatose Patient; 3:45 – 4:30 p.m. Intracranial Pressure Monitoring

☐ Rehabilitation (Physical/ Occupational/Speech Language) Track

☐ Pharmacy Track
1:15 – 2 p.m. Neurostimulants in Stroke Recovery; 2 – 2:45 p.m. Novel Anticoagulants and Hemostasis; 3 – 3:45 p.m. Hypothermia and Drug Changes; 3:45 – 4:30 p.m. Pharmacological Management of Sympathetic

EMS SIMULATION LAB

If you are interested in attending a 30-minute simulation lab, please sign up for a time below. A maximum of five people can attend each session.

Brain Code
Thursday
☐ 8 a.m. ☐ 8:30 a.m. ☐ 9 a.m. ☐ 9:30 a.m.
☐ 10 a.m. ☐ 10:30 a.m. ☐ 11 a.m. ☐ 11:30 a.m.

Stroke Code
Thursday
☐ 1 p.m. ☐ 1:30 p.m. ☐ 2 p.m. ☐ 2:30 p.m.
☐ 3 p.m. ☐ 3:30 p.m. ☐ 4 p.m. ☐ 4:30 p.m.

Brain Code
Friday
☐ 8 a.m. ☐ 8:30 a.m. ☐ 9 a.m. ☐ 9:30 a.m.
☐ 10 a.m. ☐ 10:30 a.m. ☐ 11 a.m. ☐ 11:30 a.m.

Stroke Code
Friday
☐ 1 p.m. ☐ 1:30 p.m. ☐ 2 p.m. ☐ 2:30 p.m.
☐ 3 p.m. ☐ 3:30 p.m. ☐ 4 p.m. ☐ 4:30 p.m.
Course registration and payment can be mailed to:

The Ohio State University
Center for Continuing Medical Education
600 Ackerman Rd., #E2058
P.O. Box 182721
Columbus, OH 43218

REGISTER ONLINE at go.osu.edu/2014NeuroStroke

You must create a CCME account to register.
If you already have an account and cannot remember your username or password or are unsure if you have a CCME account, please contact the CCME office at 614-293-3576.

CONFERENCE INFORMATION:
Discounted registration is available to The Ohio State University Wexner Medical Center and Mount Carmel Employees. The discount is a flat rate for the ENLS Course + 50 percent off Day 2 registration. This rate will be available through Sunday, September 7, 2014.

If you have questions about this conference or need assistance registering, please contact the CCME office at 614-293-3576.

COURSE CANCELLATION POLICY
Requests for cancellation must be submitted in writing and postmarked on or before 5 p.m. EST, Monday, September 30. Requests postmarked by this time will receive a full refund, minus a processing fee of $25, after the conclusion of the meeting. No refunds will be made for cancellation requests postmarked after this date. Mount Carmel and The Ohio State University Wexner Medical Center reserve the right to cancel this program at any time and will assume no financial obligation to the registrants in the event of cancellation.
2014 Comprehensive Update: Stroke and Neurocritical Care

Stroke Care across the Continuum

With a unique opportunity to become certified in Emergency Neurologic Life Support (ENLS) or Advanced Stroke Life Support (ASLS)

October 16-17
Hilton Columbus at Easton

This program is endorsed by the Neurocritical Care Society.
