Advancing Minimally Invasive Surgery

Presented by
The Ohio State University Center for Minimally Invasive Surgery

Thursday – Saturday
February 5 – 7, 2015

Mariott Harbor Beach
3030 Holiday Drive
Fort Lauderdale, FL 33316
Join us for a comprehensive look at new techniques and technologies related to the most recent advances in minimally invasive surgery.

The Ohio State University Medical Center’s Center for Minimally Invasive Surgery is proud to offer our fifteenth annual conference. As a recognized teaching center, we will combine the academic excellence of an internationally distinguished faculty and state of the art technology to bring an exceptional educational opportunity to practicing general surgeons and other healthcare professionals. The goal of this course is to give attendees the opportunity for ongoing education in moving the bar as it related to MIS, an overview of services lines and disease specific programs as well as changes in future of medicine related to MIS, healthcare costs and surgeon training.

Needs Assessment:

The field of Minimally Invasive Surgery (MIS) continues to expand and grow. Surgeons and other healthcare professionals need to know what the future of healthcare will hold and how it will affect the way they practice and hospitals do business. A review of current advances in complex general surgery enable surgeons to translate better patient care as it relates to minimally invasive surgery, endoscopy, robotic surgery, and the role of services lines, the advantages of programs for digestive disease, hernia and metabolic surgery. Surgeons are finding that the ever changing economy is affecting the way they practice, teach and work. It is important for surgeons to understand these changes and how it will affect the care provided to the patients. Lecture and discussion will give attendees this opportunity. Course participants will be asked to complete a comprehensive evaluation on utilization and impact of key concepts presented in the course to help measure change in competence and performance involving the advances in Minimally Invasive Surgery.
Target Audience

Practicing general surgeons and allied healthcare professionals who want to improve their current practice or review recent trends in minimally invasive surgery.

Objectives:

Completion of this course will enable participants to:
1. Discuss where MIS is today in the United States and where opportunities for future growth exist.
2. Discuss the cost of surgical training and the role of MIS fellowships.
3. Describe the role of simulation in surgical education.
4. Explain and describe the role of the service line approach to care.
5. Explore the role of advanced MIS procedures in a community setting and cost to these procedures to patients and hospitals.
6. Describe how surgical care may be affected by the Affordable Care Act.
7. Explore the economic challenges hospitals face: balancing budgets, accountable care organizations, fee for service to pay for quality.
8. Describe and discuss the advantages/disadvantages of training surgeons as leaders.

Accreditation Statement

The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The Ohio State University Medical Center designates this educational activity for a maximum of 10.5 AMA PRA Category I Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Statement

Current guidelines state that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speakers’ presentations. Each speaker has completed a conflict-of-interest statement. Disclosure statements will be provided to participants in the course.

Mission Statement

The Ohio State University Center for Minimally Invasive Surgery is dedicated to the achievement of excellence in patient care, clinical training, research and outcomes studies pertaining to the techniques and technology of minimally invasive surgery. For more information on CMIS course offerings, please visit our website at http://cmis.osu.edu.
Course Faculty

Ohio State University Faculty

Larry Anstine
CEO, The Ohio State University Hospital

Edward Jones, MD
Clinical Assistant Professor of Surgery
Division of General & Gastrointestinal Surgery

Alan Harzman, MD, FACS
Assistant Professor of Surgery
Division of Colon and Rectal Surgery

Jeffrey Hazey, MD, FACS, Course Director
Associate Professor of Surgery
Interim Chief, Division of General & Gastrointestinal Surgery

Dean Mikami, MD, FACS
Associate Professor of Surgery
Division of General & Gastrointestinal Surgery

Susan Moffatt-Bruce, MD, PhD
Chief Quality & Patient Safety Officer
Associate Dean of Clinical Affairs, Quality and Patient Safety

Bradley Needleman, MD, FACS, Course Director
Associate Professor of Surgery
Division of General & Gastrointestinal Surgery
Director, Center for Minimally Invasive Surgery
Director, Comprehensive Weight Management & Bariatric Surgery Program

Invited Guest Speakers

Kyle Perry, MD, FACS
Assistant Professor of Surgery
Division of General & Gastrointestinal Surgery

Matthew Pittman, MD
Clinical Assistant Professor of Surgery
Division of General & Gastrointestinal Surgery

David Renton, MD, FACS
Assistant Professor of Surgery
Division of General & Gastrointestinal Surgery

Jennifer Schwartz, MD
Clinical Assistant Professor of Surgery
Division of General & Gastrointestinal Surgery

Andrew Thomas, MD, MBA
Senior Associate Vice President, Health Sciences
Chief Medical Officer, OSU Wexner Medical Center

Clinton R. Hall, MD
Staff Surgeon
Baycare Health System
South Florida Baptist Hospital

W. Scott Melvin, MD, FACS
Professor of Surgery
Vice Chairman for Clinical Affairs
Division Chief, General Surgery
Director, Advanced GI Surgery
Montefiore Medical Center
Thursday, February 5, 2015

7:30 – 7:50 am  Registration & Breakfast
7:50 – 8:00  Welcome and Introduction

Moving the Bar
8:00 – 8:25  Where is MIS in the United States Today?
8:25 – 8:50  The Cost of Surgical Training
8:50 – 9:15  The Role of Simulation in Education: FLS, FES
9:15 – 9:30  Break
9:30 – 9:55  The Future of MIS Fellowships
9:55 – 10:20  The Role of Industry in Advancing MIS Training
10:20 – 10:35  Break
10:35 - 11:00  The Economic Advantage of Minimally Invasive Hernias and the Hernia Center Concept
11:00 – 11:25  Marketing Your Practice
11:25 – 11:55  Panel Discussion: Service Lines for Bariatrics, Robotics, and Hernia
11:55 – 12:00  Questions & Answers Session
12:00 pm  CME Activity Dismissed

Friday, February 6, 2015

7:30 – 8:00 am  Registration & Breakfast

Service Lines
8:00 – 8:25  The Cost of Laparoscopic vs Robotics vs Open Surgery in the Operating Room
8:25 – 8:50  Creating a Service Line Approach to Care: Digestive Disease Institute
8:50 – 9:15  Metabolic Surgery: Creating a Multidisciplinary Program
9:15 – 9:30  Break
9:30 – 9:55  The Future of MIS Fellowships
9:55 – 10:20  The Role of Industry in Advancing MIS Training
10:20 – 10:35  Break
10:35 - 11:00  The Role of Advanced MIS Techniques in the Community Setting: SILS, NOTES, Transvaginal
11:00 – 11:25  Marketing Your Practice
11:25 – 11:55  Panel Discussion: Service Lines for Bariatrics, Robotics, and Hernia
11:55 – 12:00  Questions & Answers Session
12:00 pm  CME Activity Dismissed

Saturday, February 7, 2015

7:30 – 8:00 am  Registration & Breakfast

The New Age of Surgery
8:00 – 8:25  Physicians as Leaders in Healthcare
8:25 – 8:55  Accountable Care Organizations: How will we pay for an “episode of care”
8:55 – 9:15  Healthcare Transformation: Fee for Service to Pay for Quality
9:15 – 9:30  Break
9:30 – 9:50  Are MMS or MBA Degrees Useful for Surgeons?
9:50 – 10:10  Improving Quality: Fast Track Program in Bariatrics
10:10 – 10:35  The New Self-Pay Burdon: Economic Challenges of the Affordable Care Act
10:35 – 10:50  Break
10:50 - 11:15  General Surgery Residency: Future Considerations
11:15 – 11:40  Training Surgeons as Leaders: FAME, ACS, Harvard, Brandeis
11:40 – 12:10  Panel Discussion
12:10 – 12:25  Questions & Answers Session
12:25 pm  CME Activity Dismissed
Travel & Accommodations

Marriott Harbor Beach
Experience beachside luxury and gorgeous Atlantic ocean views at this exclusive South Florida beach hotel and conference center. This unique South Florida hotel is just minutes from Las Olas Boulevard, the Beach Promenade and Sawgrass Mills Mall. A block of rooms has been reserved at a reduced rate of $279.00 per night, single or double occupancy, plus room tax. Reservations must be received on or before January 3, 2015 to ensure the reduced rate.

For additional information about the hotel and make your reservation today, please visit their website at: https://resweb.Passkey.Com/resweb.Do?Mode=welcome_ei_new&eventid=11541417.

Reservations for the event can also be made by individual attendees directly with the Marriott Harbor Beach reservations at 954-525-4000 and ask for the group rate for The Ohio State University Center for Minimally Invasive Surgery.

Registration Information

To Register, visit https://ccme.osu.edu or mail your completed form to:
Heidi Pieper, Center for Minimally Invasive Surgery
558 Doan Hall; 410 W. 10th Ave., Columbus, OH 43210
For questions call 614-293-9072 or Email Heidi.Pieper@osumc.edu

Registration Cancellation Policy

100% of the course fee will be refunded for cancellations received up to two weeks prior to the course. Cancellations received less than two weeks prior to course will be refunded less a 50% cancellation fee.
