Course Overview
The rapid development of endoscopic instruments and their widespread distribution has left many physicians without formal, supervised endoscopic training. This course is designed to provide surgeons with the latest information on new options and best-practice guidelines for diagnostic and therapeutic endoscopy as well as endoscopy pre-, intra- and postoperatively. This course is not designed to provide formal training to surgeons as recommended by the American Society for Gastrointestinal Endoscopy (ASGE), but to provide a formal setting where surgeons can present data on new instrumentation and share best practices.

Lecture, discussion and hands-on practice will allow surgeons to stay up-to-date on the latest treatment options and materials available, allowing them to offer the best options for successful outcomes to their patients. Educating surgeons on these techniques is important so they understand patient selection as well as procedural risks and benefits associated with these procedures.

Objectives
• Describe endoscopic treatment options for esophageal diseases.
• Understand and describe various reasons why endoscopy is important to bariatric surgery and the use of intraoperative endoscopy in bariatric surgery.
• Explain the risks and benefits of transoral incisionless fundoplication.
• Explain and describe the need for endoscopic retrograde cholangiopancreatography (ERCP).

Accreditation
The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The Ohio State University Medical Center designates this educational activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Statement
Current guidelines state that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speakers’ presentations. Each speaker has completed a conflict-of-interest statement. Disclosure statements will be provided to participants in the course.

Commercial Support
The course organizers gratefully acknowledge the generous support of our corporate sponsors.

Mission Statement
The Ohio State University Center for Minimally Invasive Surgery is dedicated to the achievement of excellence in patient care, clinical training, research and outcomes studies pertaining to the techniques and technology of minimally invasive surgery.

Agenda
7:30 a.m.  Registration and Continental Breakfast
8 a.m.   Welcome
8:10 a.m.  ERCP for the Surgeon
8:30 a.m.  Endoscopy for the Bariatric Surgeon
8:50 a.m.  Transoral Incisionless Fundoplication
9:10 a.m.  Endoscopic Treatment of Barrett’s
10:10 a.m.  Break
10:30 a.m.  Enteral Dilation and Stenting
10:50 a.m.  Intraoperative Endoscopy
11:10 a.m.  Therapeutic Colonic Intervention
11:30 a.m.  Q &A Session and Lunch
12:45 p.m.  Depart for Lab
Hands-on Application of Techniques
Animate Laboratory Session
4 p.m.  Dismissal
