Advances in Minimally Invasive Surgery 2011
February 18-20, 2011

Presented by

The Ohio State University
Center for Minimally Invasive Surgery

and

Case Western Reserve University
Department of Surgery
Needs Assessment
Technology continues to change the practice of modern surgery, and the field of minimally invasive surgery continues to expand and grow rapidly. Reviews of current trends and introductions to new technological advances are needed. Surveys conducted at The Ohio State University’s Center for Minimally Invasive Surgery have demonstrated a desire for these topics. National meeting course attendance for these topics are oversubscribed.

Target Audience
Practicing general surgeons who want to improve their current practice or review recent trends in minimally invasive surgery.

Accreditation Statement
The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.
