COURSE OVERVIEW

This one-day course is designed for general and bariatric surgeons, allied health professionals and dietitians who are interested in current and novel bariatric surgical procedures. Didactic lectures will cover controversies and procedural updates. The hands-on animate lab will allow participants to gain hands-on experience in current and novel techniques in bariatric procedures.

NEEDS ASSESSMENT

Significant advances in surgical treatments for morbid obesity have been developed over the past decade. These new treatment options provide better outcomes for patients. Without the proper training in new techniques, there may be an increased risk of complications. This course will focus on innovative improvements in bariatric surgery procedures and controversies surrounding new and innovative therapies.

OBJECTIVES

Completion of this course will enable participants to:

1. Identify changes in bariatric surgery based on healthcare reform
2. Discuss and evaluate complications in current bariatric surgery procedures
3. Describe and illustrate basic techniques and steps to safely perform current and novel bariatric surgical procedures
4. Discuss current and novel endoluminal bariatric procedures
ACCREDITATION

The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The Ohio State University Medical Center designates this educational activity for a maximum of 8.5 AMA PRA Category I Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE STATEMENT

Current guidelines state that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speakers’ presentations. Each speaker has completed a conflict-of-interest statement. Disclosure statements will be provided to participants in the course.

COMMERCIAL SUPPORT

The course organizers gratefully acknowledge the generous support of our corporate sponsors.

MISSION STATEMENT

The Ohio State University Center for Minimally Invasive Surgery (CMIS) is dedicated to the achievement of excellence in patient care, clinical training, research and outcomes studies pertaining to the techniques and technology of minimally invasive surgery. For more information on CMIS course offerings, please visit our website at cmis.osu.edu.
AGENDA

The Ohio State University Medical Center
115 Biomedical Research Tower
460 W. 12th Ave., Columbus, OH 43210

7:30 a.m. Registration and Continental Breakfast
