

## CME Activity Planning Chart

Identify what need(s) your activity will address, what your participants will take from the course, what educational method will be used to address that need/accomplish that objective and how you will measure your activity's effectiveness in addressing that need/objective.

<b>Recognized Need (Evidence-Based Learning Gap)</b>	<b>Learning Objective (Linked to Needs)</b>	<b>Proposed Educational Method (Designed to Close Learning Gap)</b>	<b>Assessment of Learning Objective (Engineered to Measure Effect)</b>
