

## DAY ONE

- Offered for the first time, Fundamentals of Stroke Care (FSC) Course for EMS - an opportunity to learn management of stroke patients from scene to in-hospital care
- Simulation sessions including intracranial thrombectomy and brain aneurysm coiling
- Emergency Neurological Life Support (ENLS) to address management during the critical first hours of patient's neurological emergency

## DAY TWO

- Concurrent sessions based on all phases of stroke care, including:
  - Pre-hospital
  - Acute
  - Transitions of care

*This activity has been approved for AMA PRA Category 1 Credit™. Additionally, this course will be submitted for continued education units to the Ohio Physical Therapy Association for Physical Therapists and Physical Therapy Assistants as well as Ohio Occupational Therapy Association for Occupational Therapists and Occupation Therapy Assistants. EMS CEUs will be provided by the Ohio State Center for EMS.*
