Duke University

In an effort to be green, we will not be printing a course syllabus this year. Electronic access to the presentations will be provided in advance to registered attendees. Attendees are encouraged to bring laptops/tablets as they will not be provided.

GENERAL INFORMATION

FEES: The registration fee is \$350 for physicians, \$275 for Ohio State University faculty and \$200 for non-OSU hospital trainees and nurses. The fee includes the cost of course materials, breakfast, lunch and breaks. Fees may be paid by Visa, MasterCard, Discover, and American Express on the CME site only. Checks can be made payable to OSU Ophthalmology.

ACCOMMODATIONS: A block of rooms for symposium participants from out of town is reserved at the Crowne Plaza Downtown for arrival on March 12th and departure on March 14th (rates of \$140.00 for single or double occupancy). Reservation requests received after February 28th will be accepted on a space and rate availability basis. If the group rate is not available after the cut-off date, the prevailing room rates will apply for any reservations confirmed. We encourage participants to arrange for accommodations early due to other activities occurring that weekend in Columbus. Participants may call the hotel for reservations at 877-283-1700 and mention the group code, O63.

ACCREDITATION: The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

AMA DESIGNATION STATEMENT: The Ohio State University Medical Center designates this educational activity for a maximum of *12 AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

COURSE OBJECTIVES: **1.** Discuss the rationale for different MIGS devices in glaucoma surgery. **2.** Describe the use of different lens formulas and their impact on cataract surgery. **3.** Discuss goals and modern treatment recommendations for strabismus patients. **4.** Describe educational strategies and recommendations to enhance medical learning. **5.** Discuss advances in the genetics of AMD and diabetic retinopathy. **6.** Discuss recommendations for care of patients with diabetes undergoing cataract surgery.
