

AGENDA | Thursday, June 23, 2022

7 a.m. Registration and continental breakfast

Hernia and Abdominal Core Health
Moderator: Benjamin Poulouse, MD

7:30 a.m. Modern approach to umbilical hernia repair – open, IPOM, eTEP, robot
Bryan Richmond, MD

8 a.m. Role for non-mesh inguinal hernia repair
Benjamin Poulouse, MD

8:20 a.m. Role of robotics vs. laparoscopy in inguinal hernia repair
Vimal Narula, MD

8:50 a.m. **BREAK**

9 a.m. Open abdominal wall reconstruction, including TAR
Bryan Richmond, MD

9:30 a.m. How has robotics advanced ventral hernia repairs?
Michael Meara, MD, MBA

10 a.m. Managing acute and chronic mesh infections?
Dean Mikami, MD

10:30 a.m. **BREAK**

10:50 a.m. Optimization and prehabilitation in abdominal wall reconstruction:
The case for a comprehensive abdominal core health program
Benjamin Poulouse, MD

11:20 a.m. Evidence-based ERAS and opioid reduction in hernia repairs
Vimal Narula, MD

11:45 a.m. Panel discussion and case presentations

12:30 p.m. **LUNCH**

AGENDA | Thursday, June 23, 2022

Colorectal Disease

Moderator: Matthew Kalady, MD

- 1:15 p.m. What's new in the management of anal fistulas?
Alessandra Gasior, DO
- 1:35 p.m. Acute and chronic diverticulitis: When to operate and what surgery?
Lisa Cunningham, MD
- 1:55 p.m. Managing stoma hernias
Dean Mikami, MD
- 2:15 p.m. **BREAK**
- 2:25 p.m. Crohn's disease: Maximizing surgical outcomes
Syed Husain, MD
- 2:50 p.m. Modern approaches to rectal prolapse
Alessandra Gasior, DO
- 3:15 p.m. ABCs of hereditary CRC syndromes
Matthew Kalady, MD
- 3:40 p.m. **BREAK**
- 3:55 p.m. Minimally invasive surgery for colorectal cancer: What's the data on
laparoscopic and robotic approaches?
Lisa Cunningham, MD
- 4:15 p.m. Updates in neoadjuvant approaches to rectal cancer
Syed Husain, MD
- 4:35 p.m. Management of liver metastases in CR surgery
Carl Schmidt, MD
- 5 p.m. **ADJOURN**
- 6 – 7:30 p.m. **ATTENDEE RECEPTION**

AGENDA | Friday, June 24, 2022

7 a.m. Registration and continental breakfast

Bariatric and Foregut Surgery
Moderator: Bradley Needleman, MD

7:30 a.m. Evolution of achalasia treatment: Endoscopic, laparoscopic and robotic approaches
Kyle Perry, MD, MBA

8 a.m. Assessing esophageal function in the era of high-resolution manometry
Kelly Haisley, MD

8:30 a.m. **BREAK**

8:45 a.m. Technical considerations in laparoscopic/robotic PEH repair
Kyle Perry, MD, MBA

9:15 a.m. Management of GERD in obesity: Fundoplication vs. bypass
Bradley Needleman, MD

9:45 a.m. The challenges of GERD after sleeve and bypass
Sabrena Noria, MD, PhD

10:15 a.m. **BREAK**

10:30 a.m. Robotic esophageal diverticulectomy
Ghulam Abbas, MD

10:55 a.m. Ready for primetime: Robotic/laparoscopic loop duodenal switch
Stacy Brethauer, MD

11:20 a.m. Ready for primetime: Endoscopic sleeve gastrectomy
Sabrena Noria, MD, PhD

11:45 a.m. Panel and Q & A

Noon **LUNCH**

AGENDA | Friday, June 24, 2022

Surgical Practice Management
Moderator: Kyle Perry, MD, MBA

- 1 p.m. Introducing robotics into your practice
Panel discussion:
 Hernia – *Benjamin Poulouse, MD*
 Foregut – *Ghulam Abbas, MD*
 Colorectal – *Matthew Kalady, MD*
 Bariatrics – *Bradley Needleman, MD*
 HBP – *Carl Schmidt, MD*
 Acute Care Surgery- *Michael Meara, MD, MBA*
- 2 p.m. Fundamentals of enhanced recovery after surgery
Carl Schmidt, MD
- 2:20 p.m. Robotic costs for training surgical residents
Michael Meara, MD, MBA
- 2:50 p.m. **BREAK**
- 3 p.m. Disruptive innovation in the era of cost containment
Stacy Brethauer, MD
- 3:30 p.m. Potential impact of artificial intelligence in healthcare delivery
Dean Mikami, MD
- 4 p.m. Operative data collection and video evaluation of surgeons
Kelly Haisley, MD
- 4:30 p.m. Questions and answers
- 5 p.m. **ADJOURN**
